

DIETARY RESTRICTIONS

As part of our commitment to student health and safety, please be advised that we are a nut-free school. Products containing peanuts, tree nuts, or any derivatives thereof are strictly prohibited on school grounds, including in lunches and snacks brought from home.

In addition, our canteen does not serve food **containing pork or lard**. All meals prepared and provided by the school adhere to this standard. Families are welcome to send food from home, provided that all items are completely nut-free. If you choose to include home-packed meals that contains pork or lard, we kindly ask that you also send separate utensils for your child's use. This helps us ensure that all students' dietary needs and cultural practices are respected.
