

About NLCS (Singapore)

At NLCS (Singapore), we offer an ambitious academic education for students aged 3 to 18, rooted in the belief that every child should be supported to reach their full potential. By combining academic rigour with tailored support, we ensure students are both challenged and nurtured throughout their educational journey.

Our dedicated subject-specialist teachers ignite a passion for learning, inspiring students to think critically, explore beyond the curriculum, and develop intellectual independence. While we aim for academic excellence and entrance to top universities worldwide, we also place strong emphasis on personal growth and holistic development.

We celebrate each student's individuality and creativity, encouraging them to develop key life skills such as communication, resilience, and problem-solving. Within our inclusive and vibrant community, students are empowered to explore their interests, build self-confidence, and thrive in a rapidly changing, interconnected world.

At the heart of our school is a vibrant and inclusive community, where students are supported to explore their passions and discover their strengths. Through a rich programme of activities and a culture of high expectations, we foster self-confidence and prepare students for a future of possibilities.
